ABOUT QUEENSLAND BASKETBALL LEAGUE

The Queensland Basketball League is the state's premier semi-professional basketball competition, running from May to September each year. Since its launch in 1986 as the State Basketball League, the QBL has seen some of the country's top basketball athletes move through its ranks in both the women's and men's competitions. Highly regarded in the country as one of the best state league competitions, each year the QBL attracts a number of elite players to the competition, including Australian representative athletes, NBL and WNBL players, and players from US colleges and other international competitions. In what has become a highly competitive league, 15 Basketball Queensland affiliated associations currently compete across three geographically-based pools from Cairns to the Gold Coast – with teams attracting strong local support from fans”

AUDIENCE'S DEMOGRAPHIC

The initial target audience for home matches is the Seahawk's senior and junior players together with families and friends. Seahawks has cultivated a strong community involvement as evidenced by our strong SBL attendance, consistent double digit growth and player retention.

The wider Gold Coast has a strong traditional basketball following with Seahawks being one of two local associations. There is a high rate of dual involvement in both associations and Seahawks QBL will draw interest from basketball participants outside the Seahawks family. Our audiences are:

✓	Tastemakers and innovators
✓	Informed, independent and influential
✓	Cultural and socially aware
✓	Technically savvy
✓	Sponsor-savvy with disposable incomes.

GROWTH

With the QBL gaining in popularity and higher profile name players playing in the competition this segment will continue to grow and is relatively easy to reach through social media.
